DTE Group collaborates with Crushing Services International & Polaris Metals

DTE Group partners with Crushing Services International and Polaris Metals Pty Ltd in supplying numerous tank farms. The Tank farms constitutes the Fuel facilities at the Carina Iron Ore mine site, which is located in the western section of the Goldfields. The project involves open pit mining, crushing and screening and export of iron ore through the Port of Fremantle.

DTE Group designed, manufactured & commissioned the tank farms in close consultation with Crushing services International and Polaris Metals Pty Ltd to achieve their requirements. The master and slave tank farms come with heavy and light vehicle dispensing system and an integrated NMI approved fuel management system utilising the latest sophisticated technology and accommodating a reporting system to achieve their needs.

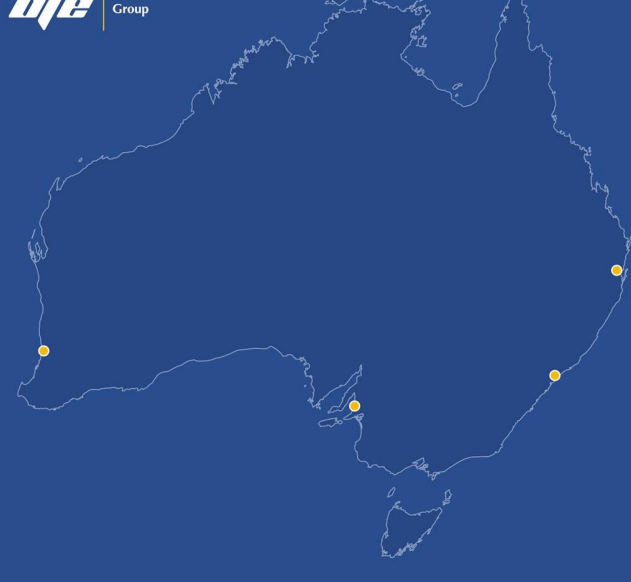

DTE Group's Continues Nationwide Expansion

DTE Group's Head office up and running in South Perth

DTE Group proudly establishes its new head office in Mill Point Road, South Perth. The relocation of the head office positions the business in a prime location where it has taken the opportunity to upgrade and expand the office space further. It's fitting that the opening of the new prestigious head office should coincide with another growth expansion in South Australia, proving the growth and the company's continues efforts to meet clients needs efficiently and accommodate the increasing business activities.

DTE Group's head office is located at Level 1, Unit 5/100 Mill Point Road South Perth, WA 6151

South Australian Sales Office

DTE Group proudly unveils its new Sales office in Adelaide, South Australia. The new sales office will be headed by Barry Web, Sales Manager for South Australia and Northern Territories.

DTE Group's investment underlines the importance to its successful further development nationwide through five sales offices and two state-of-the-art production facilities located in Henderson, WA and Carole Park QLD and intends to use its extended infrastructure for long-term growth potential nationwide.

The South Australian Sales office's location is at Suite 1004, 147 Pirie Street Adelaide SA 5000.

South Australian Branch — headed by Sales Manager Barry Webb

DTE Group warmly welcomes Barry Webb, whose role is to manage the sales in the South Australian and Northern Territories regional aspects of the business. Based on his extensive, vast chemical experience, Barry Webb will be concentrating on the chemical and petrochemical markets. His career history includes being an Operations Engineer at Australian Synthetic Rubber (ASR), Sales Manager for Abel Lemon who later became Orica, National Training Manager for Spray Pave and Chief Chemist for Bestobell Rubber and Plastics. Through his job positions, Barry has had numerous achievements, including improvements and efficiency in production at ASR and fixing manufacturing problems and issues during his role at Bestobell.

Outside of work, his passions and hobbies include following most sports particularly soccer, playing chess and spending time with his family.

DTE Group Awarded a Contract by a Large Mining and Civil Organisation

DTE Group secures a significant, ongoing contract with a large mining and civil organisation, renowned for contract mining, civil earthworks, crushing and screening and material haulage solutions. The awarded contract involves the supply, fabrication and production of tanks farms for the fuel facility of the company.

DTE Group's hands on approach is what differentiates and separates itself from other contractors within the industry. The right contractors are well-matched to the right workplace culture to ensure satisfaction. DTE Group has been specialising in the manufacturing sector for years and will continue to invest in this sector by building and investing and continuing to improve its service to meet client needs.

DTE Procut Pty Ltd — Servicing the Big End of Town

Image KCGM

The West Australian resources sector is flourishing and so is DTE Procut! DTE Procut is fortunate to have aligned itself with major steel fabrication companies within the Australian Marine Complex and through them has produced quality steel cutting & processing for Chevron, FMG, BHP Billiton, Rio Tinto, & KCGM to name a few.

DTE Procut's staff acknowledge and recognise that the company's prosperity is directly dependent upon having the satisfaction of customers.

"We work closely with our customers & form good working relationships. They know we are small but big on enthusiasm & commitment. They like working with us so they keep on coming back" says Brian Smith, Operations Director.

DTE Procut performs machining operations, precision plasma and flame cutting using a state-of-the-art heavy duty combination machine, to support DTE's tank manufacturing and is available to the general industry.

4th Annual Mining South Australia Conference and Exhibition 2011

DTE group participates in the 4th Annual Mining South Australia Conference & Exhibition held at Middlebrook Theatre, Whyalla on the 6th December—7th December 2011. The success of the conference provided a promising outlook and a high confidence in upcoming mining projects. It continued to reinforce and demonstrate that South Australia's mining boom is definitely up and running.

The state has been successful in terms of generating world-wide interest in South Australia as an investment destination. It was a great opportunity to talk to some very interesting, influential and knowledgeable people who work within the industry.

With the approach of the Festive Season, it is with pleasure from all of us at DTE Group, to extend Season's Greetings and wish you a New Year abounding with Health, Happiness and Prosperity.

Please note that our offices will be closing on the 23rd of December over Christmas and New year will resume operations on the 03rd of January 2012.
