

**DTE Group's Client Testimonials**

DTE Group continues to improve and maintain its craftsmanship and understands the work, time and experience to achieve excellence. As a company that strives best to perform, it regularly evaluates its market performance which has proven growth through the company's continuing efforts to meet clients needs efficiently and accommodate the increasing business activities.

DTE Group's client testimonials about our products and services:

*"The two tanks we have on site are DTE tanks (just purchased through Tanks 2 Go), they are the best in the market"* -Niki Allerton, Pacific Terminals Australia Pty Ltd

*"A great looking tank, reflects excellent workmanship. I'm sure you are very proud of your team."*  
- Dennis Cassar, Bever Australia Pty Ltd

**DTE Group Sponsors Another Talented Brabham Motorist**

DTE Group is proud to sponsor Matthew Brabham who is following his family's interest and legacy in motorsports. The third generation Brabham is the son of Geoff Brabham whose career highlights victories in the world's most storied sports car races, the 24 Hours of Le Mans, and the 12 hours of Sebring. His grandfather, Sir Jack Brabham is the three – time Formula 1 champion.

Matthew has been racing for more than 10 years and has won his first Australia Ford National Championship race and other numerous karting titles in Australia. He will be competing in the Cooper Tires Presents the USF 2000 National Championship with Cape Motorsports with Wayne Taylor Racing. Matthew will be running the No. 83 which was made famous by his father.

The Brabham name has been a longstanding resonance within the racing realm, and DTE Group is pleased to be supporting and following the young Brabham.

**DTE Group partnership with Crushing Services International continues**

Diverse Tank Engineering, subsidiary of DTE Group, strengthen its relationship with Crushing Services International through commitment and service. The growing partnership solidifies as Diverse Tank Engineering continues designing and manufacturing the master and slave tanks, for their fuel facility at their Phil Creek mine site. The Phil's Creek Project is located within the central portion of the Hamersley Ranges, and is located 5km from Rio Tinto's Yandicoogina Mine.

**DTE Fluid Systems continues to deliver essential services to Fiona Stanley Hospital**

The two billion infrastructure project reaches another significant milestone as it celebrates its second construction anniversary. Set to break new grounds in medical equipment management, the project is running on time and budget for a late 2013 completion.

Fiona Stanley stands to become Western Australia's flagship health facility, featuring state-of-the-art technology. DTE Fluid Systems was awarded the contract last year to design, manufacture, install and commission their mechanical diesel fuel systems. The systems, located in the main hospital generators are critical to power the buildings.

DTE Fluid Systems acknowledges the vital role it plays and ensures the very latest technology is considered to adhere to the environmentally friendly approach in relation to the double containment fuel lines, which have integral failsafe leak detection system offering no compromises when considering safety and environment.

According to DTE Fluid's General Manager, Vince Scaturro: "The DTE Fluid Systems installation team is progressing the FSH diesel fuel systems installation works, maintaining a high level focus on safety, ensuring quality and the clients milestones and delivery targets are achieved." It has now installed all bulk tanks, pumps and day tanks in both building Y and R with installation of piping and instrumentation now in progress, all scheduled to meet in with the commissioning commencing mid-March 2012.

Fiona Stanley will be the major tertiary hospital in the south metropolitan area, providing health care to communities south of Perth and across the State. It will offer a full range of acute services, a mental health unit, a burns service, maternity and paediatric care, as well as medical research and education facilities.

It is with pleasure from all of us at DTE Group, to extend and welcome 2012 abounding with success and prosperity!
