Welcome to the first edition of the monthly DTE Group e-newsletter which is designed to provide and keep you informed on the latest developments, information, products and upcoming events. This being our Introductory Newsletter, allow us to give you more of an insight about our company.

ABOUT US

You'll be working alongside the best in the industry

DTE Group is proudly 100% Australian owned and has sales offices in Western Australia, Sydney and Queensland and is committed and devoted to supplying quality storage tanks and fluid-handling solutions to the demanding applications as found in the petroleum, chemical, industrial, power, process and mining industries. Our products are Australian made, and clients buy directly from the manufacture which allows for them to have more buying power hence, making it more cost effective.

We offer a full range of storage tank options from self bunded tanks, CT container self bunded tanks, minor storage self bunded tanks, shop fabricated tanks, single wall aboveground tanks, vertical tanks and Plasteel® Elutron® underground tanks. We can also provide fuel installations, maintenance and service plans for new or existing installations, retail fuel management systems including NMI approved systems (National measurement institute approved systems), and design and licensing for new fuel installations. We also offer Fluid Handling Systems, Electrical System and Precision Plasma Cutting.

We are currently audited by Underwriters Laboratory in regard to our Quality Assurance system as part of our manufacturing license for the Plasteel® underground tank, however we are in the process of undertaking accreditation for ISO9001.

PLANT & EQUIPMENT - Our modern 16,000 square meter property consists of the latest tank manufacturing equipment allowing us to offer total commitment, service and value. A site tour is available upon request to enable you to witness the production of our products.

We also have our own transport and 50 tonne crane available for hire.

DTE Head office — 27 Alacrity Place Henderson Western Australia 6166
